

## B6.

### PGCHE Personal Development Plan

#### End of Module 1 Review

Date 28/06/08

**Objectives:** i.e. ongoing teaching and learning objectives, plus any personal development objectives

Build confidence in running classes and 'public speaking'. Find way to teach mathematics effectively. Understand educational (particularly maths ed.) theory and research methods.

Achievement: Primarily in teaching and learning and other personal development achievements.

Taught first lecture course and enjoyed doing so. Gave 12 lectures. Experimented with interactive whiteboard. Took module 1 of PGCHE. Attended British Society for Research in Learning Mathematics "New Researchers Day Conference" and "BSRLM Day Conference".

#### Further Action Points:

#### Practical steps that you will be taking to work towards objectives

##### What?

##### By when?

Take module 2 of PGCHE	Sept 2008
Attend CETL-MSOR annual conference	Sept 2008
Attend "Higher Education Mathematics Education Conference"	Sept 2008
Sign up to teach module again next year	Winter 2008
Try out elearning course materials to enhance course teaching methods	Spring 2009
